## Men's Dress Boots

The attention is in the detail.

**Baxter Boots**  
HANDCRAFTED SINCE 1850

## Baxter Boots – The boots Australia loves.

The tradition hasn't changed much, nor has the tough quality that Australian's have come to expect from a handcrafted icon - Baxter Boots.

The Baxter boot making dynasty began when Henry Baxter bought one of the country's oldest boot manufacturing companies founded in Goulburn in 1850. Henry loved the Australian bush, was a prize winning shooter and could ride a horse like the devil.

Just like Henry, Marshall Baxter, Henry's great grandson and current family business owner, insists on Baxter boots continuing to be made from premium grade leather to ensure each foot is gloved in supple comfort and the best Australian quality.

Baxter men's dress boots continue to be handcrafted in Goulburn from traditional methods. Only the finest hides and best tried and tested welting methods are used to produce a boot that fits like a glove and takes what you can throw at it.

They are all inspected and signed off on before being hand wrapped, tagged and placed in the box.

Baxter men's dress boots follow the tradition of tough Australian quality that continues to look great for years after you've bought them.
